DETAILED ACTION

1. This Office Action is a response to communications dated 06/17/08. Claims 6-9 are pending in the application.

Allowable Subject Matter

2. Claims 6-9 are allowed.

3. The following is an examiner's statement of reasons for allowance: The response filed 06/17/08 has obviated all outstanding objections/rejection, thus placed the instant application in a favorable condition for allowance. The retailored claimed invention of claims 6-9 are better reflected the disclosed invention in the original specification, on pages 4-5. The prior art of record, considered individually or in combination, fails to fairly show or suggest the claimed decoder and method, comprising, among other limitations, a novel and unobvious limitation of "*an element function of the generic decoder is overlaid by a corresponding element function of the specific decoder so the corresponding element function is interpreted by the generic decoder,*" structurally and functionally interconnected with other limitations in a manner as recited in claims 6-9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frank Duong whose telephone number is 571-272-3164. The examiner can normally be reached on 7:00AM-3:30PM, Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lynn D. Feild can be reached on 571-272-2092. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
